

PARUPALLI VENU SAI NADH

Aspiring SAP HDI & HANA Cloud Modeling Consultant | SAP SD / Order-to-Cash Professional

Khammam, India • +91 8328689502 • parupallivenusainadh@gmail.com
linkedin.com/in/venusainadh • github.com/Venusainadh • venusainadh.github.io/sap-sd-portfolio

PROFESSIONAL SUMMARY

B.Tech graduate in Computer Science and Information Technology (KL University, CGPA 8.6, 2025) with hands-on SAP SD / Order-to-Cash experience at Cognizant Technology Solutions (CTS), executing sales order, billing, and rebate/credit-note processes using VA01, VA02, VF01, VF03, VF05, and ZSDREBATS.

Building toward SAP HDI / SAP HANA Cloud Modeling and Order-to-Cash Analytics consulting by developing knowledge of calculation views, HDI containers, SQLScript, and SAP BTP fundamentals alongside daily SAP SD process execution.

Certified in Power BI and Microsoft Azure Fundamentals; currently preparing for SAP Certified Associate – SAP HANA Cloud Modeling. Strong process-accuracy and SLA-driven mindset from enterprise FinTech operations.

Seeking an entry-level SAP HDI / SAP SD Functional Consultant role to apply proven O2C process expertise while growing into HANA Cloud modeling and analytics delivery.

CORE SKILLS

SAP SD & O2C – Hands-on:
Sales Order Management (VA01, VA02) | Billing & Invoicing (VF01, VF03, VF05) | Credit Memo / Rebate Processing (ZSDREBATS) | Master Data & Enterprise Structure Concepts

SAP Functional & Cloud – Currently Developing:
SPRO | Pricing Procedure & Condition Technique | S/4HANA Sales Fundamentals | SAP HANA Cloud & HDI Containers | Calculation Views (Cube / Dimension / Star Join) | SAP Business Application Studio | SQLScript | SAP BTP Fundamentals

Analytics & Certified Tools:
Power BI (Certified) | Microsoft Azure Fundamentals (Certified)

Other Technical Skills:
SQL | Python | Core Java | HTML | CSS | MySQL | DBMS

PROFESSIONAL EXPERIENCE

Cognizant Technology Solutions (CTS) Sep 2025 – Present
FinTech / Business Process Operations – Microsoft-aligned Engagement

- Executed daily SAP SD sales-order processing using VA01 and VA02, verifying customer details, item categories, and pricing conditions against business rules.
- Generated, audited, and reconciled billing documents via VF01 and VF03, and monitored open billing backlogs using VF05.
- Processed credit-note and rebate reconciliation workflows within Order-to-Cash using the custom SAP transaction ZSDREBATS for client rebate settlements.
- Maintained strong SLA adherence and transaction accuracy on an enterprise, Microsoft-aligned FinTech engagement.
- Collaborated with cross-functional support teams to troubleshoot invoice blocks, posting discrepancies, and billing errors.

PLANNED SELF-STUDY PROJECTS (Not Yet Completed)

1. O2C Sales Analytics Model on SAP HANA Cloud (HDI) – Planned
Will configure an HDI container in SAP BTP using Business Application Studio to model sales and billing data – building Dimension and Cube calculation views with star joins across sales documents (VBAK/VBAP) and billing items (VBRK/VBRP), connected to Power BI for KPI reporting.

2. Rebate & Credit Memo Reconciliation Engine (HDI / SQLScript) – Planned
Will build an HDI backend data model to reconcile custom rebate settlements (in the style of ZSDREBATS) against FI ledger entries, using design-time artifacts (.hdbtable, .hdbsynonym, .hdbgrants) and SQLScript procedures to flag discrepancies.

EDUCATION

B.Tech, Computer Science and Information Technology – Koneru Lakshmaiah Education Foundation (KL University), Vijayawada, India 2025 | CGPA: 8.6

CERTIFICATIONS

Power BI Credential ID: 00027531

Microsoft Certified: Azure Fundamentals (AZ-900)

CMT Domain Fundamentals for Technology – 201-Intermediate Credential ID: PS092672

PROFESSIONAL DEVELOPMENT (In Progress)

Preparing for: SAP Certified Associate – SAP HANA Cloud Modeling (C_HCMOD)
Target 2026: SAP Certified Associate – SAP S/4HANA Sales (C_TS462)
